McGriff trucking was absolutely amazing!! If I ever move again I would definitely hire them again in a second!! Brendan gave me three movers and a truck at an unbeatable price. June, Felipe and Al made this move extremely easy and stress-free!! They were extremely professional and personable. I was amazed at how fast and efficient they were. I was so incredibly happy with their service. They went above and beyond by putting together my kitchen table that had been completely taken apart and carrying my box spring up six flights of stairs!! I would highly recommend them!!

If we could leave more than 5 ★'s we would. Had trouble with our original movers and Brendan came to our rescue. He was extremely professional and kept in contact and always was prompt to answer all our questions. His crew was on time and was careful with all our belongings. Our driver, Ryan was great and in constant communication with us. They arranged for helpers on the other end who were equally pleasant and efficient. We HIGHLY recommend McGriff Moving. FYI, our move was from Massachusetts to South Carolina. Thank you Brendan and your crew.

We hired McGriff for a move to Maine. The three young men that showed up were fantastic!!! They were prompt, friendly and professional. They were open to any questions and requests. I cannot say enough about this company. Even the truck was great, so clean! From the first phone call and/or e-mails this place was great! My husband told them that if we ever move back to Mass. he would call them again. We had a seamless move with a great crew. Thank you McGriff for the no stress move!!!!!! Highly recommend to anyone looking for a good moving experience!!

I have used this company twice in the past. I like to wait until after I use a company to write reviews in case you find things later on and didn't get a chance to put them in the review. This company is extremely professional and treated everything in my house (twice) with the utmost care. I have very heavy objects including safes and industrial filing cabinets that they moved and not only were they not damaged, they move them quickly with ease. Not one thing was broken in both moves. And I know other people that have used this company and said the same thing. Their capabilities of lifting heavy furniture in tight areas in hard-to-reach places was amazing. And the movers were very considerate and very polite and very well mannered. If you don't use this company you're making a big mistake.

Better than the best! A true red carpet experience. 4 strong men took this "estate" and turned it back into a house in just a few hours! (pack one house and drop off to 3) They handled this challenging move like a fine tuned machine! The team arrived together on time and introduced themselves and explain the game plan. Each person had an equally important role on the team and it was so smooth. Everything was handled with a great deal of delicacy. When the red carpet was rolled back up and the door closed on the truck the last time I was left with the feeling of a true VIP! And to think they were the best price around! Seriously beyond impressed! Thanks again McGriff!

After multiple sour experiences with movers, I can truly say these gentlemen are S+ Rank professionals. With them, exceptional service is the standard, not the rare occasion. Brendan was great to work with and Louis and June - who moved my items - were amazing. They were exceedingly careful with all my items, professional, friendly, courteous and respectful. The flat-rate quote I received had no hidden charges and was entirely up-front. Everyone I worked with was genuinely superb. From here out, I'll be calling them for future moving projects. Thank you for such a wonderful experience!

I had a seamless, stress free experience moving the contents of a 4 bedroom home into a storage unit. Brendan was responsive, helpful and accommodating. The 3 guys that packed the truck were professional and respectful. I feel confident knowing that they will be the ones moving my belongings to my new home when it's ready. I can't recommend them enough.

My experience with McGriff Trucking and Moving was exceptional. Two young men arrived as scheduled to move my belongings from a pod into my new house. The guys were extremely efficient, very careful, really accommodating. They even went the extra distance for me because I was on crutches having sprained an ankle. They assembled bed frames and a dining room table. I was super impressed with their work ethic. I can't recommend this organization enough, and my special thanks again to these two young men Cam and June!!

I have now had McGriff Trucking perform two moving services for me. The first was a baby grand piano and the second was several large and unwieldy appliances. Both times the teams were incredibly professional and fully prepared for the work that needed to be done. I have tried several movers throughout the course of our renovation, and only McGriff has left me feeling positive about the experience. I felt confident they could handle the heavy and difficult items without injuring themselves or my home. I will only be calling McGriff for any future moving needs.
